

graphic fabric™ installation (vertical graphic configuration)

- 1: The RasterPrint™ graphic attaches to the structure with Velcro®. Be sure that the hook Velcro® surfaces on the structure are all facing the front of the unit. There is no need to disassemble the unit if you find a piece facing the wrong direction- simply rotate the piece in place until the hook surface faces the front. Start by installing the left fabric panel. Begin installation by attaching the corner of the left fabric panel as shown and working your way to the left and to the right.
- 2: Continue securing the fabric panel until it is secured on all 4 sides and taut. Start installing the left counter skirt in the top inside corner as shown. Work your way around the counter securing the skirt as you go and keeping the fabric taut.
- 3: Begin installing the graphic in the top corner as show and fully attach the top. Attach the bottom and sides, keeping the graphic taut.
- 4: Install the right counter skirt in the same manner as the left.
- 5: Install the right fabric panel in the same manner as the left.
